BRAZING MATERIALS

Alloys in all forms, brazing pastes and fluxes

We Manufacturer

- Silver Brazing Alloy Products & there Preforms
- Silver Phosphorous /Silver (Cadmium Free) (Cadmium Content) Brazing Products
- Copper Phosphorous (Silver Content) (Silver Free) Brazing Alloy Products
- Flux Coated Silver Brazing , Brass Wire ,Copper Phosphorous Brazing Rods
- Brass Wire . (Silicon Bronze Alloy Filler Wire) /Aluminium Brazing Alloys

*Please also ask for our special pamphlets for brazing alloys and fluxes.
We will be glad to assist you.*

Available Forms

Rods , Coils, Foils, Rings, Sims, Spools, Strips & Brazing Fluxes

Our delivery program:

ALLOYS

- Cadmium-free silver containing alloys
- Cadmium-free alloy without silver
- Cadmium bearing silver brazing alloys (low melting temperature)
- Copper-phosphorus alloys with or without silver for the brazing of copper and cuprous materials
- Alloys with or without silver for the brazing of cemented carbides

- Brass and nickel bronze alloys
- Soft soldering alloys with or without silver
- Aluminium soft soldering alloys
- Aluminium brazing alloys

All alloys we supply in form of rods, wire bundles, spooled, foils, Rings & preforms

FLUXES

- Soft soldering fluxes
- Brazing fluxes
- Corrosive brazing and soldering fluxes for Silver, Copper, Brass
- Non-corrosive brazing and soldering fluxes for aluminium
